

Management - International Business Management

- Kierunek - studia I stopnia

Full-time **FROM OCTOBER** Bachelor's degree English

What are you going to learn by choosing this specialization?

You will gain the knowledge and skills desired on the labor market in English, which will allow you to work in corporations and institutions around the world - classes are enriched with Spanish language courses, which will help you build an advantage on the international labor market.

Support in learning when you want and have time - you have constant access to the MS 365 platform and the Moodle platform, where you will find all materials for classes and quickly contact lecturers and other students from the group. This will allow you to prepare for exams and use course materials at any time.

You won't get bored during the classes - classes are conducted about REVAS business games and business cases in the aspect of the international environment.

Classes are conducted by practitioners - specialists who will learn management in an international environment using the specialized language of business. Classes are conducted by lecturers from various universities around the world.

Classes are conducted in a hybrid formula (some classes take place at the university, some via the MS Teams platform), thanks to which you save time and reduce the cost of studying.

You meet people from different countries and areas and exchange experiences from different companies, which allows you to take a broader look at your current professional experience.

What else should you know?

All subjects and the diploma exam are conducted in English.

Students are also joined by people coming to DSW as part of the Erasmus+ Program - you have a chance to meet students from different cultures and backgrounds.

You will have the opportunity to go on Erasmus+ trips to other Universities to broaden your scope of competences, knowledge and friends.

This specialization is dedicated to people who speak English well and would like to study in English. The specialization will allow you to use your skills and develop them in the business area, and you will additionally expand your skills with the Spanish language, which will allow you to work in many parts of the world.
